The Chan center The Municipality of Lod

Lod's Municipality has supported the project and allocated land for the creation of the Gogo. in partnership with the Chicago Community Center, has established the chan Center, a unique institution that takes the form of the Khan Road Hotel.

The Khan Center highlights and celebrates Lod's unique and shared cultures, creating a home for all to reflect, learn, and share.

City residents will be encouraged to come together to discuss and find ways to address their community's challenges. And, to jointly plan to meet their shared goals.

A traditional Ethiopian "Gozo" is in the middle of the Khan Center. The Gozo has quickly become a source of deep pride amongst Lod's Ethiopian residents as a place they can showcase their heritage and share their unique stories.

is actively targeting individuals and groups who can make a critical and sustainable impact. Who do we reach out to?

- School leaders and educators
- Tourism agencies and groups within and outside of Israel
- Municipality and other government officials
- Religious leaders from Lod's different ethnic communities
- And, of course, Lod's residents!

The total cost of the project is 1,051,020\$

Lod's Municipality has allocated land for the project and pledged **300,289\$** in funding, leaving **750,731\$** to raise.

Please join us in its mission to built a brighter future for all Lod's residents.

The project is in the final stages of municipal approval.

Construction will begin shortly after municipal approval pending funding.

The expected duration of construction is approximately one year.

Please partner with us to bring the Khan Center to life.
